

HPA-D DUTCH Test Part 2

Action Steps

1. Print out the DUTCH test pattern/indication summary (page 3 of the review) to use as reference.
2. Set up a provider account with **Precision Analytical**
3. After you have set up an account with Precision Analytical, order either the DUTCH comprehensive hormone profile or advanced adrenal profile on one of your patients.
4. Practice discussing the DUTCH test results with a patient, a colleague, a friend, or a family member.
