

# Impaired Liver Function and Impaired Gallbladder Disease Action Steps

1. Print or download the treatment of gallbladder dysfunction handout so that you can easily refer to it as a reference.
2. Add serum AST, ALT, LDH, LDH isoenzymes, and alkaline phosphatase to your electronic health record so you can easily order it for patients. For example:
  - a. Markers with LabCorp CPT test codes
    - i. AST: Code 84450
    - ii. ALT: Code 84460
    - iii. LDH: Code 83615
    - iv. LDH and LDH isoenzymes: Codes 83615, 83625
    - v. Alkaline phosphatase: Code 84075
3. Add serum alkaline phosphatase isoenzymes, bilirubin and 5'-nucleotidase to your electronic health record so you can easily order it for patients. For example:
  - a. Markers with LabCorp CPT test codes
    - i. Alkaline phosphatase isoenzymes: Codes 84075, 84080
    - ii. Bilirubin total and direct: Codes 82247, 82248
    - iii. 5'-nucleotidase: Code 83915
