

Blood Chem Iron-Deficiency Anemia Action Steps

1. Download and/or print out the blood chemistry patterns handout from Week 30 to use as a reference. Practice using this handout to review one patient's blood chemistry lab results this week.
2. Download and/or print out the blood chemistry reports for men and women handouts from Week 30 to use as a reference.
3. Add serum complete blood count (CBC) without differential to your electronic health record so you can easily order it for patients. For example:
 - a. Marker with LabCorp test code
 - i. CBC: Code 85027
